Action Marine Inc. DBA **Action Pier Services**

Pier Technician

Action Pier Services - Burlington, WI

Job Description

Our pier and lift services business needs a reliable, motivated Pier Technician to assist with general mechanical and labor duties. The Pier Technician will be responsible for providing assistance with the installation and removal of local lake piers and boat lifts under the direction of our Pier Foreman. We're looking for a self-motivated individual, who will bring energy and enthusiasm to our team. This business unit is a subsidiary of Action Marine.

Pier Technician Responsibilities:

- ♦ Assist personnel with installation and removal of piers and boat lifts
- ♦ Assist Foreman with unloading/loading barge, lifts and pier
- ♦ General shop assistance as necessary
- ♦ General assistance and support for the leadership team as necessary
- ♦ Provide general assistance to Action Marine staff during slow times

Qualifications Required:

- ♦ No prior experience required
- ♦ Current Driver's License
- ♦ High school diploma or equivalent preferred

Competencies Required:

- ♦ Attention to detail
- ♦ The ability to take direction, execute a plan and work with a team
- ♦ Ability to work outdoors in uncertain conditions
- ♦ Ability to lift heavy objects
- ♦ A passion for the marine industry

Additional Considerations:

We are looking for a committed individual that will enjoy contributing to the success of our organization and become one of our team members while learning more about the lake marine industry. We're a small privately held company that has been a leader in our industry for more than 20 years, and the Pier Technician position is an essential component to helping us further develop our brand and enhance the customer's experience with our overall business.
